

# Parent Questionnaire

Your student's guidance counselor will be writing a letter of recommendation as part of the transcript process. This letter is a vital part of the application that is reviewed by the Admissions Office. In an effort to provide the schools with unique information about your child that is not found on their transcript, resume, or personal statement we are asking for your input.

Examples of information that would be helpful are:

- Significant childhood experiences
- Critical events that had either a positive or negative impact on your child
- Family events that impacted your child (ie. Marriage, divorce, adoption, death, accidents, etc.)
- Other information that you feel is necessary to share or be included in the letter of recommendation

Although we may not use all of the information that you provide, your comments are certainly helpful to us in composing this important recommendation.
